

## Every Drop Counts!

- Replacing old toilets with new high efficiency toilets can reduce the water used in your home by 13,000 gallons every year.
- Upgrading your shower head, if the flow is greater than 2 gallons per minute, could save an additional 3,000 gallons per year.
- Even replacing an older kitchen or bathroom faucet, if the flow is greater than 2 gallons per minute, can save 700 gallons each year.
- Upgrading your washing machine, if it is an older model, can save up to 25 gallons per load.

Not only do you save water, you save energy & money too!

The Water Conservation/Toilet Rebate Program is cooperatively funded by the City of Palmetto and the Southwest Florida Water Management District (SWFWMD).

## City of Palmetto

### Toilet Rebate Program

Rebates up to \$100 PER TOILET  
& up to TWO (2) TOILETS PER YEAR

**CALL 941-417-2890**  
for additional details

## Rebate Process:

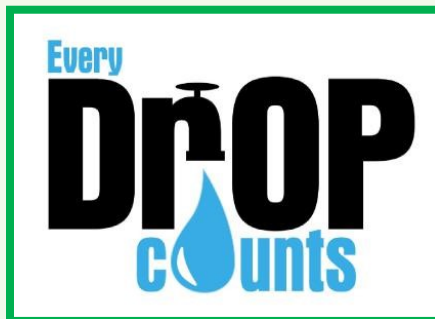

1. Call (941) 417-2890 or email ToiletRebate@palmettofl.org and reserve a rebate. You will be mailed an application.
2. Purchase and install your new toilet(s) within 30 days. **Hold on to the old toilet for verification by the inspector.**
3. Return the completed application along with copies of your receipts and water bill.

### Mail to:

**Utilities Department  
Toilet Rebate Program  
516 8th Avenue West  
Palmetto, FL 34221**

4. Contact the rebate reservation office at (941) 417-2890 to schedule an inspection of both the old and new toilets.
5. After installation verification has been completed and approved, you will receive your rebate check in approx. 4 to 6 weeks.

**MAXIMUM REBATE IS UP TO \$100  
PER TOILET AND  
UP TO TWO (2) TOILETS PER YEAR**

## Required Information

The following information will be required to complete the toilet rebate application:

- Your name
- Property address
- Phone number
- City of Palmetto water account #
- Contact person for verification appointment
- Phone number for contact person
- Address to mail rebate check

## \*Rebate Eligibility

- ✓ Do you pay the City of Palmetto for your water account?
- ✓ Were your existing toilets installed prior to 1995?
- ✓ Are you planning to replace your residential toilet(s) with high efficiency toilet(s) of 1.28 gallons or less per flush?
- ✓ Did you purchase your new toilet after October 1, 2019?

**If you answered "YES" to all four questions, you are eligible for a rebate as determined by Grant guidelines.**

If your park or condo association pays the water bill, please have the name of that association available at the time of your request for the rebate application.

## Some Restrictions Apply

- If your water bill is paid to anyone other than the City of Palmetto, you are NOT eligible for a rebate through the City of Palmetto.
- A licensed plumber MUST be used when replacing any toilet in a leased or rented single family, multi-family or commercial property.

**CALL (941) 417-2890**
